PARENTING AND FAMILY

For 75 years, we have offered preschool programs organized primarily for parent education. Our unique participatory structure allows parents to be involved in their children's preschool education.

INSTRUCTOR: PRESCHOOL FAMILY STAFF

PreSchool Family is a parent education, parent participation program serving families with children from birth through five years. The program is designed to offer parents an opportunity to learn about parenting and to actively participate in their child's education. For children, the program offers a developmentally appropriate, play-based, educational experience. Parents join their child for one class each week during September–May regardless of the age of the child.

Parent education is the heart of our program and consistent parent participation is required in both the child and the adult classes. We are committed to supporting the welfare of the whole family. Through our program, parents develop a sense of community and strength by working with other parents and their children. We strive to enhance each child's natural curiosity and love of learning.
